Agency Signature Form Human Services 120 Introduction to Social Work

Successful completion of Introduction to Social Work 120 requires a student to finish 40 hours of Volunteer Service in a community social service agency (or institution that provides social services). By signing the form below you acknowledge that the named student has agreed to volunteer for your organization and that you can accommodate and are able to provide a meaningful volunteer experience for the student. The experience will be used as a basis for discussion, learning, and in-class assignments.

The 40-hour service (within the time limit of the San Diego City College semester) fulfills the requirements of the Human Services 120 class. We also require the student to provide a signed verification of hours worked at the end of the semester.
